

TAKES STEPS TO
SHIELD SCUTARI

Austria Plans to Stop Bombardment of Town.

ITALY MAY FALL IN LINE

Vienna Government Alleges Fire of Balkan Allies Is Directed Against the City Instead of the Fortress. Part of Austrian Fleet Sails for Montenegrin and Albanian Coasts.

London, March 21.—Austria, possibly with the assistance of Italy, is contemplating isolated action to stop the bombardment of Scutari, which, it is now alleged, is being directed against the town instead of the fortress, and finally enforcing the powers' decision that Albania shall be an autonomous state and that Scutari shall remain part of it.

Of course Montenegro and Serbia will first be given the opportunity of withdrawing from the task of subduing the town, which, even after its capture, if that occurs, must, according to the powers, be given up by the allies.

Part of the Austrian fleet already has left for the Montenegrin and Albanian coasts and while it is officially announced that the object of the warships is to carry out maneuvers it is apparent that their presence is designed to impress Montenegro and Serbia with the determination of Austria to prevent the further cannonading of the civilian section of Scutari and to obtain satisfaction for the alleged forcible conversion of Catholics and interference with the Austrian steamer Skodra.

Declares Incidents Trivial.

The Montenegrin delegate in London, M. Popovitch, speaking for his government, describes as untrue or trivial the incidents for which Austria is demanding satisfaction. But whatever truth or importance they have the bitterest feeling on the part of Austria has been aroused and the press and public are demanding action.

According to dispatches received by the Vienna papers 400 Albanian Catholics at Djakova, weeping and wailing, were forced to join the Orthodox church, the soldiers ordering them to choose between Orthodoxy and death. At six other villages the residents were similarly converted.

Various accounts are printed of the death of a Catholic priest named Palie, but all agree that he refused to renounce his faith and was beaten to death.

The Austrian official account says the Montenegrins are trying to destroy the town of Scutari and that shells, instead of being aimed at the fortress, are directed against the town, where the citizens are in a state of panic, some of them taking refuge in the cathedral.

It is expected that the Austrian squadron will prevent the Serbian reinforcements, which left Saloniki aboard six transports yesterday, from landing on the Albanian coast. These troops have been dispatched to the assistance of the besieged forces around Scutari.

MILITARY FUNERAL FOR KING

Body Will Arrive at Athens on March 27.

Athens, March 21.—The body of the late King George will be placed aboard a warship at Saloniki March 26 and transported to Athens, arriving there the following day.

King Constantine, after he is proclaimed, will proceed to Saloniki, accompanied by Premier Venizelos, and with Dowager Queen Olga and the other members of the royal family will return here with the king's body.

The funeral probably will take place March 30, as the lying in state will occupy three days. Military honors will be rendered not only by the Athens garrison, but by an entire military division, which has been ordered here for that purpose.

LEGISLATORS TAKE VACATIO.

Minnesota Session Likely to Last Until April 24.

St. Paul, March 21.—Both houses of the legislature adjourned until Monday afternoon.

The session will end April 24, unless an earlier date is agreed to by both houses, which is not probable.

Thirty-five bills were passed in the house, the majority being of a local nature. No attempt was made to take up important measures on the calendar as many members were absent.

Governor Eberhart signed the Cashman distance tariff bill. "I have no statement to make," said the governor. "The bill was passed by the legislature, came to me in the regular course of business and I approved it."

FALL FATAL TO LUMBERMAN

Chicagoan Owning Wisconsin Mills Dies in Pasadena, Cal.

Pasadena, Cal., March 21.—E. W. Brooks, a wealthy retired lumberman of Chicago, died here from the effects of falling down stairs several days ago.

He was a member of the Brooks & Ross Lumber company, which has extensive mills at Schofield, Wis.

WIDOW ACCUSED
OF HIS MURDER

Wife of Late Rear Admiral Eaton in Custody.

ASSERT ARSENIC WAS USED

Plymouth (Mass.) Authorities Say Retired Naval Officer Was Victim of Poisoning and Are Directing Their Efforts to Ascertain Where and by Whom the Drug Was Obtained.

Plymouth, Mass., March 21.—Mrs. Jennie May Eaton was locked up in the county jail here pending a hearing on the charge that she murdered her husband, Rear Admiral Joseph Giles Eaton, by poisoning him.

It was intimated that Mrs. Eaton might not be brought to trial. The appointment of a commission to pass upon her sanity was suggested.

When Mrs. Eaton, who is a stout woman, forty-five years of age, entered the jail here she was dressed in the black suit she wore at her husband's funeral. A mourning veil partially hid her face. She had been weeping, but generally maintained the composure that has characterized her from the first.

For ten days authorities have known that the admiral died of arsenical poisoning and their efforts have been directed to finding where and by whom the poison was obtained and to laying bare the home life of the Eaton family.

In the first quest they have not been successful, the district attorney says. Along the second line of inquiry a wealth of evidence has been furnished by friends of the family and neighbors. The picture was not an altogether pleasant one. The admiral and his wife, who was twenty years his junior, did not always agree, it was said, regarding those who should be received at their home.

Both had been married before. The admiral's first wife was Mary Anne Varnum, whom he married at Dracut in 1871, when he was a lieutenant in the navy. His body was buried beside that of his first wife. From his graduation at Annapolis until his retirement with the rank of rear admiral in 1905 the life of the naval officer was filled with honors and he acquired a fortune.

Wedding Occurred in 1907.

Soon after his retirement he met Mrs. Jennie May Ainsworth, the daughter of George Harrison of Alexandria, Va. Mrs. Ainsworth later divorced her husband, D. H. Ainsworth, an employee of the senate at Washington, and she and the admiral were married in 1907.

Their courtship was described by the admiral in a statement which he made during a brief estrangement from his wife four years ago. He said:

"I met Mrs. Ainsworth in Chicago and at that time I thought she was a widow. At that time, however, she was not actually divorced from her husband. It was not until just before my marriage that I learned she had a husband. Then she told me that her husband was alive and that she had just obtained a divorce from him on the grounds of drunkenness and desertion.

"During the time that I paid attention to her, knowing her straitened circumstances and thinking that her husband was dead, I helped toward the support of herself and children, giving her money, though at the time I did not know for what purpose she was using it. Later, after the marriage, I learned inadvertently that I had been paying for the divorce proceedings which she had instituted against her husband.

"I married her because I had said I would and was too much of a gentleman to withdraw my promise. She has always been a good wife.

"I knew that money was given to Ainsworth, but never with my consent, except once; then I paid his fare to Cleveland to get rid of him."

After their marriage the Eatons came to Brookline. Soon afterwards the admiral met with financial reverses and in his last days led an unpretentious life on a poultry farm in Norwell.

His principal income was from his allowance as a retired naval officer, \$4,000 a year. It is understood that his estate is represented largely by a life insurance policy for \$6,000.

Five Persons Asphyxiated.

Chicago, March 21.—A family of five persons was found dead from illuminating gas in a cottage. Circumstances indicated that an accident caused the tragedy. In the kitchen a rubber hose was attached to an open gas jet. The victims were Engbert Cornelison, fifty-five years old, a machinist, his wife and two sons and a daughter.

Nebraska Declares Standpatism Is Dead.

SAYS STANDPATISM IS DEAD

Secretary of State Bryan Speaks at Des Moines.

Des Moines, March 21.—"Standpatism is dead," declared William J. Bryan, secretary of state, before the annual banquet of the Jefferson club here. The Nebraska, speaking before a crowd which filled the big coliseum, dwelt long upon the fact that he believed that the highest accomplishment of the present administration would be the restoration of what he termed was the spirit of the forefathers to the institutions of the United States.

"You cannot cross the United States," declared Mr. Bryan, "without passing through a state which is governed by a progressive Democrat. Illinois has just placed one in office, Ohio elected one at the last election as did Nebraska and you came very near to filling out this list of Western states by electing one here in Iowa."

ASSERTS MEN WERE
KILLED IN PALACE

Mexican Editor Tells of Death of Madero and Suarez.

San Francisco, March 21.—Colonel Manuel Blanco Alcala, publisher of the New Era, a Mexico City newspaper generally regarded as the mouthpiece of the late President Madero's administration, arrived here with the assertion that he "is in a position to prove" that Madero was shot to death and that Vice President Suarez was strangled in the national palace on the night of Feb. 23 and that their bodies were taken to the prison in an automobile.

"The reported assault on the guard," said Alcala, "was merely a ruse and a part of the plot. If the automobile was fired upon the guards were only pouring lead into the dead bodies of the president and vice president, who were murdered in the palace hours before."

General Alcala described himself as an intimate friend of Madero. His mission to this country, he said, would be to expose the plot which brought about the Diaz uprising and the alleged assassination of Madero and Suarez.

Colonel Alcala asserted the news of Madero's fate was known in Washington before the hour named in the official version as the time of the alleged attempt to rescue him.

FOR WELFARE LABORATORIES

Woman Donates Large Sum to Prevent Sickness.

New York, March 21.—A gift of \$650,000 by Mrs. Elizabeth Milbank Anderson for social welfare laboratories to be conducted by the New York Association for Improving Conditions of the Poor was announced.

Establishment of experimental laboratories for purposes of testing proposed measures is a part of the program under which the fund is to be utilized. In general it is intended to foster those activities which are calculated, in the words of the donor, "to prevent sickness and thus diminish poverty, such as the promotion of cleanliness and sanitation and aid in securing a proper food supply."

LIQUOR UNDOES FRAT.

Bloomington, Ill., March 21.—The council of administration of the University of Illinois ordered the Yoxan, the most exclusive fraternity, to disband by June 1. Alleged excessive use of intoxicants caused the order. This society was founded in 1905 and elected to membership favored upper classmen from the leading fraternities.

REDUCTION OF
TARIFF ASSURED

Bills of Last Congress Basis of New Ones.

SUBSTANTIAL REVISION DUE

Same Men Who Drafted Early Measures on Subject Helping to Redraft Them—Original Provisions Are Guide to What Changes Will Be Made. Agricultural Schedule to Be Cut.

By ARTHUR W. DUNN.

Washington, March 21.—[Special.]—The tariff bills of the last congress are made the basis of the bills or bill which the Democratic members of the ways and means committee will present to the caucus when the extra session meets. Naturally those bills had to be adopted. The same men who made them, with a few exceptions, are redrafting the tariff, and they adopted the same bills with a few minor modifications.

The committee did not revise the entire tariff at the last congress, but the bills which were reported and passed can be taken as a guide to the reduction which will be made all along the line. And the reductions are going to be something substantial from one end of the tariff to the other. Even the agricultural schedule will be cut down with the others, although some farming constituencies are opposing any reduction.

Stronger Road Movement.

The advocates of good roads are going to make a stronger effort than ever before to secure the favorable action of congress toward spending money on rural post roads. A proposition is being discussed looking to the coupling of a roadmaking measure with one to raise more money by increasing the taxes on liquors and tobacco, the money thus raised to be expended wholly for roads. If such a measure gets before congress it is likely to obtain many votes.

Will Be Free Lances.

Notwithstanding that the olive branch was extended by the Republican senators to the Progressives the developments thus far show that the Progressives intend to continue their independent career. The votes against Senator Gallinger for president pro tem. of the senate showed that the old feeling still exists.

Chaff for New Men.

While the Democrats recognized the new senators to some extent, the Republicans stuck to the old system of giving their new senators nothing but chaff. With the exception of Norris of Nebraska, who gets a place on agriculture, and Weeks, who has a place on postoffices, both second rate committee by the way, there is little in the way of prominent places for the six new Republican senators.

Meanwhile the older senators have retained places on appropriations, foreign relations, finance, judiciary, commerce, interstate commerce, military affairs, naval affairs and others which are of nearly as much importance. Most of them have two and three places on these committees. When it comes to committee places there is mighty little senatorial courtesy.

Not of High Rank.

Much stress was laid upon the division of the duties of the finance committee of the senate and creation of a new committee to be known as banking and currency. An attempt has been made to show that the new committee ranks as high as the finance committee on account of prospective financial legislation.

As a matter of fact it is a third rate committee. There has been such a committee in the house for years, and it has amounted to very little. The committee that handles the tariff is the big committee, and a comparison between the ways and means committee and the banking and currency committee in the house shows their relative importance.

They Do Not Speak.

Nearly everybody noticed and commented on the fact that Champ Clark did not speak to William J. Bryan when they both appeared in the inauguration stand. There is another possible embarrassing situation which may come up if the chairman of the house committee on foreign affairs should have business with the secretary of state. It was Hal Flood who was prompt to resent Bryan's attack on Thomas F. Ryan at the Baltimore convention, and right to his face Flood administered a "skinning" to the Nebraskaan.

Then we all remember that it was Chairman Underwood of the ways and means committee who denounced Bryan in no uncertain terms on the floor of the house. Altogether there are quite a number of men who do not find themselves in agreeable relations with the premier of the cabinet.

An Old House Habit.

It was during the regime of Tom Reed that the house adopted a rule by which a man might answer "present" if he did not desire to vote. Senator Shafroth of Colorado acted under that rule in the senate on a roll call where he did not wish to take sides for or against a question which was of a personal nature to some extent. It was his former house training.

ELIOT IS OFFERED PLACE

Former University Man May Go to Court of St. James.

Washington, March 21.—Charles W. Eliot, president emeritus of Harvard university, has been decided upon by President Wilson for ambassador to Great Britain.

George W. Guthrie, Democratic state chairman of Pennsylvania and former mayor of Pittsburgh, has been selected to be ambassador to Mexico. This information came from intimate friends of President Wilson.

From the same sources it was learned that Justice James W. Gerard of New York was a likely choice for ambassador to Italy and that William Church Osborn of New York, Augustus Thomas, the playwright, and possibly Thomas Nelson Page of Virginia would be ambassadors to European courts.

LETTER SEVERELY
DENOUNCES BECKER

New York Mayor Warned Regarding Police Official.

New York, March 21.—Letters read before the aldermanic committee investigating police graft showed that Mayor Gaynor and Police Commissioner Waldo were warned against the character of former Police Lieutenant Charles Becker, awaiting death for the murder of Gambler Rosenthal, as far back as August, 1911. John F. Lynch, brother-in-law of Becker, bitterly denounced the former police officer in a letter to the mayor.

The letter was referred to Commissioner Waldo, who told the mayor that "this seems to be a family row," and "Becker is doing excellent work."

"One of my sisters is, unfortunately, his wife. She works for him, teaches school," Lynch wrote of Becker, "and he, herolike, takes her money."

"She being away he asks another of my sisters to come to his home to cook, but attempted to assault her. She successfully escaped, threatened to carve him with a knife, whereupon he drew a revolver and shouted that he would shoot her."

"By hard work she was able to get out. He threatened her with arrest and said he would get one of his squad—the strong arm—to catch her on the street some night and lock her up for soliciting. She came home crying and with her waist torn."

ABRUPTLY QUILTS HIS OFFICE

Assistant Secretary of State Huntington Wilson Resigns.

Washington, March 21.—Huntington Wilson, assistant and acting secretary of state, has resigned that office and insisted upon immediate acceptance of the resignation because of his radical difference of opinion with the administration regarding its Chinese policies. President Wilson immediately accepted the resignation.

Mr. Wilson, like all assistant secretaries of the various departments, tendered his resignation as a matter of form to President Wilson directly upon the latter's assumption of office. Mr. Wilson was requested to continue in his place until it should be convenient for the president to name his successor and consented to do so.

The issue of the statement from the White House defining the administration's attitude regarding the Chinese loan negotiations is believed to have been regarded by Assistant Secretary Wilson as sufficient to justify him in requesting to be relieved from duty at once.

WOULD AID IN VICE FIGHT

Many New York Outcasts Offer Their Assistance.

Albany, N. Y., March 21.—A cry from the outcasts of the underworld, pleading for an opportunity to co-operate in efforts being made to solve the social evil question, is voiced in letters to the special legislative committee appointed to draft remedial police legislation for New York city. These letters, among the thousand or more received by the committee from New York city officials, social and civic bodies and citizens generally, will be given serious consideration.

NEW PARTY WILL
CAUCUS APRIL 2

M'BRIDE TO VISIT WILSON

British Columbia Premier Will Talk Over Railroad Matters.

Vancouver, B. C., March 21.—Sir Richard McBride, premier of British Columbia, it was authoritatively learned here, plans to visit President Wilson in Washington late this month to confer on projects believed to affect the development of the province.

The conference is understood to concern railroad affairs in British Columbia. A belief here that American interests are buying Canadian Northern bonds has led to the further belief that plans are maturing for intimate connection between American railway systems and lines now under construction in this province.

FOR NATIONAL VICE CRUSADE

Illinoisans Leave to Ask Wilson to Call Conference of Governors.

Chicago, March 21.—Lieutenant Governor Barrett O'Hara and four state senators composing the legislative vice commission left for Washington to ask President Wilson to call a national conference of governors and lawmakers to institute a countrywide fight on white slavery.

The commission also will petition for a federal investigation of women's wages and request the president to make a public declaration giving his moral support to the work being done by the commission.

The meeting will take place Saturday noon.

CURRENCY REFORM UP SOON

Legislation May Be Acted on at Extra Session.

Washington, March 21.—Encouraged by the rapid progress made in the preparation of a tariff revision bill close friends of President Wilson predicted that there surely would be currency reform before the extra session of congress adjourned next summer.

The president talked informally with some of his callers about the prospects for currency legislation. They went away convinced that while the president would devote himself foremost to tariff revision he now hoped that at least a start on monetary reform, if not actual legislation, would be possible during the extra session.

BRYAN ENDORSES PRESIDENT

Can't Agree With Late Administration's View of Loan.

Des Moines, March 21.—Secretary of State William J. Bryan declared that he is entirely in sympathy with President Wilson's attitude on the proposed Chinese loan. He declared also that he was unable to agree with what former Assistant Secretary Huntington Wilson had to say concerning the six-power agreement.

The representatives of a group of bankers were heard," said Mr. Bryan, "and the matter was considered by the president. The principles involved were such that it did not require any great length of time for the president to understand and act upon them. I am sure that the country will approve of the change in policy. I am equally confident that China will rejoice at our nation's attitude."

Circular Letter Asks House Progressives to Attend.

ROOSEVELT APPROVES MOVE

Former President Endorses Plan to Set Up an Organization of Their Own in House of Representatives. How Many Members Will Attend Caucus Cannot Be Forecasted at Present.

Washington, March 21.—Theodore Roosevelt has given his endorsement to the movement started by members of the Progressive party to set up an organization of their own in the new house of representatives.

The colonel is entirely in sympathy with the purpose of the Progressives to put forward Representative Victor Murdock of Kansas as their candidate for speaker and to organize with a view to acting in the house without regard to the regular Republicans. In due season the Progressives expect to receive a letter from Colonel Roosevelt, urging them to proceed as indicated.

Mr. Murdock is an accession to the Progressive ranks. He was re-elected to the house last November as a Republican.

Forty-four Progressives and Republicans, among them Minnesota and Dakota members, were invited in a circular letter sent out to attend a Progressive conference April 2. At the Progressives will perfect an organization, nominate Mr. Murdock as their candidate for speaker and appoint a committee to draw up a Progressive legislative program.

The Progressives have views of their own on the tariff, banking and currency, conservation and measures designed to supplement the existing anti-trust laws and bills proposing humanitarian legislation such as prohibition against child labor, etc. The circular was signed by Representative Hinebaugh, a Progressive from Illinois, who acted after conference with Representative Murdock, the new Progressive leader in congress, and Representative Falconer, a Progressive from Washington.

Attendance May Be Light.

Just how many members will agree to attend the conference and vote for Mr. Murdock as speaker in opposition to Representative James R. Mann, the Republican leader, is a matter of conjecture. The most optimistic do not expect more than fifteen to appear.

They are firmly of the opinion that more than the number named will vote for Mr. Murdock for speaker, but believe that for a time at least many Progressives will steer clear of the new organization. They say many Progressives are timid and have to be shown before they will venture on the thin ice of a new political enterprise.

The Progressives who still cling to the name Republican are alarmed over the determination of Representatives Murdock, Hinebaugh and Falconer to form a third wing in the house. They have been proclaiming themselves as Progressives for a long time, but in the absence of a new party organization they have managed, through strange devices, to set up the plea that they are Republicans. They ran on that ticket in the last election.

Now the time has arrived when the new party intends to poke its nose into congress and make a bid for the support of all those who are supposed to be in harmony with it. These progressive Republicans will not support Representative Mann. Doubt is expressed that they will vote for Mr. Murdock for speaker.

MRS. GAMBLE OPERATED ON

Former Senator's Wife in New York Suffers From Appendicitis.

Washington, March 21.—Mrs. Robert J. Gamble, wife of the former senator from South Dakota, who for two weeks has been seriously ill at the Gamble apartments in the Portland hotel, was operated on at Columbia hospital for appendicitis. The operation was successful and the hospital surgeons said the patient was resting well.

Ralph Gamble, a son, was called from New York and was with his mother before the operation. Mr. Gamble has been at the hospital almost constantly since Mrs. Gamble was removed there.

WELSH ON WAY HERE.

New York, March 21.—Harry Pollock, the well known sporting man and back fence hurdler, who is the American representative of Freddy Welsh, the English lightweight champion, announced that Welsh has left England for this country to grab a little easy coin on the vaudeville stage and then sail into some of the American lightweights.

The one story cottage, 913 South
Seventh street, owned by Joseph
Bolde of Eveleth and occupied by
Jacob Goldberg, the Wide Awake
shoe shop man, burned to the ground
last evening. Mr. Goldberg and fam-
ily were at the moving picture show
at the time. He does not know how
it occurred. It is thought that an
overheated stove may have started
the fire. The house, which was just
about to be sold to a Brainerd man,
the money being in the bank pending
the examination of title, was valued
at about \$1,200 and carried about
\$700 insurance. Goldberg lost his
piano, all furniture, clothes, in fact
everything he possessed in his home
and today the family is staying at a
neighbor's home. He carried some
insurance. The firemen did good
work in confining the blaze.

Microbes in Your Scalp

Authorities say that a microbe
causes baldness. If you are losing
hair try our remedy at our risk.

Professor Anna, of Germany, and
Dr. Sabouraud, the great French
Dermatologist, claim that a mi-
crobe causes baldness, and their
theory has been verified by eminent
scientists. This microbe destroys
the hair follicles, in time causing the
scalp pores to close and the scalp to
become shiny. Then, it is believed
nothing will revive the growth. If
treated before this occurs, baldness
may be overcome.

We know of nothing that has
given such universal satisfaction in
treating the scalp and hair as Rexall
"93" Hair Tonic. It has been de-
signed after long study to overcome
the cause of falling hair as discovered
by Prof. Anna, Dr. Sabouraud and
other scalp and hair specialists, and
we believe it will do more than any-
thing else can to remove dandruff and
stop the falling hair, and if any human
agency can promote a new growth
of hair it will do that, too.

We want you to make us prove it.
We will pay you a month's treatment
of Rexall "93" Hair Tonic used dur-
ing a trial, if you will use it ac-
cording to directions, and are not
thoroughly satisfied. When we will
do this, you surely should not hesitate
to at least try it.

Start the treatment today. Your
money request will get your money
back if you want it. Two sizes: 50c
and \$1.00.

You can buy Rexall "93" Hair Tonic

NEW COMMITTEE APPOINTMENTS

Committee on Committees of Charter Commission Recommends Appointing Sub-committees

PROGRESS REPORTED LAST NIGHT

Commission, it is said, Plans to Provide Two Forms of Charter to be Voted on

The charter commission held its regular weekly meeting on Thursday evening, the council chambers being occupied by another organization Friday night. President Halsted presided. The secretary, Henry I. Cohen, was absent and Judd Wright was appointed temporary secretary.

The committee on committees gave a report and recommended the appointment of four committees to facilitate the transaction of business. The report was adopted and the recommendations concurred in and the chair made the following appointments:

Public improvements—Dr. Werner Hemstead, Carl Zapffe, Judd Wright, Eric Kronberg and N. W. Betzold.

Public affairs—Richard Ilse, H. F. Michael and James M. Elder.

Finance—George D. LaBar, C. H. Paine and James Cullen.

Court and boards—R. R. Wise, Henry I. Cohen and Edward F. A. Evenson.

To each committee was assigned a portion of the city charter for consideration. Attorney Haggard read a report of the work he had done relative to drafting a commission government amendment, covering all points suggested in the petitions.

The various new committees appointed will report at the next meeting and it is expected to have by the following third or fourth meeting a complete commission charter drafted.

Then there may be drafted a charter, embracing ideas advanced by the commissioners, embracing in some features, it is said, the municipal management plan. The meeting adjourned at ten o'clock.

POLITICAL POT STILL SIZZLING

More Independent Candidates Take the Field for City Offices—Some Candidates

NO REPUBLICAN CONVENTION

Socialists Hold Their Caucuses Last Night and Results are Practically as Forecasted

As the last day for filing, Saturday, March 22, approaches, the field of independent candidates continues to enlarge, and as a result the political pot is sizzling with ever increasing energy.

J. H. Koop is out as an independent candidate for alderman of the second ward. It is said that neither Alderman Webb nor Alderman Elder contemplates running again. D. A. Peterson is a new candidate for alderman of the second. Other names suggested have been C. H. Paine and J. R. Smith.

In the fifth ward A. P. Nelson, the photographer, is running as an independent candidate for alderman.

L. M. Depue has entered a vigorous denial that he has been running for any office. Being a notary he was assisting some candidate to get a petition in shape. Mr. Depue says he is not in the race for mayor or any office, and feels like using a club and breaking the back of the man who started the story. With such a storm signal up it is doubtful if the man will ever be found.

Later—Rev. E. O. Carlson is an independent candidate for member of the school board from the fifth ward. James R. Smith is an independent for alderman of the second ward, his petition being circulated this afternoon.

The socialist caucus nominations were practically the same as forecasted by the Dispatch in addition there were placed in nomination these candidates for school board: None in first and second ward; J. W. Welsh, third ward; Henry Moilanen, fourth ward; Emil Ecaholm, fourth ward (they have refused to file); J. M. Hayes, fifth ward.

The delegates elected to the socialist convention to meet at the council chambers tonight are: First ward, William Schilb and John Shull; second ward, A. A. Weideman and Herman Weideman; third ward, Martin Siegel, Otto Wendt, R. A. Henning, N. W. Olson, E. A. Evenson and Jacob Haas; fourth ward Henry Moilanen, Frank Gallupe, and A. L. Anderson; fifth ward, Frank Engelhart, F. A. Ackerman and F. E. Little. This convention may decide to fill vacancies on the school board.

REFUSES HONOR PROFFERED HIM

Judge W. S. McClenahan, it is said, Was Offered the Important Position of

SUPREME COURT COMMISSIONER

Rumors in St. Paul Are to That Effect—The Judge Refuses to be Quoted

So persistently does one hear the story repeated in St. Paul and Minneapolis that Judge W. S. McClenahan, of this city, judge of this fifteenth judicial district, was offered and had refused the position of supreme court commissioner that the judge's many friends in the district are assured the news is correct.

The judge is widely known throughout the northwest as a fair and impartial jurist and one who writes opinions that are famous for the vigorous, clear and terse Anglo-Saxon used. And very seldom has Judge McClenahan been reversed.

On one occasion in recent years, when there was a vacancy on the state supreme court bench, the bar association of Crow Wing county circulated petitions urging the appointment of Judge McClenahan to that honorable position. But the genial judge heard of the interest being manifested by his brother lawyers and put a quietus on the project by compelling his friends to desist.

Brainerd and this district are proud of Judge McClenahan. He has brought credit and renown to this section of the commonwealth.

When interviewed regarding the proffer of the supreme court commissioners, he refused absolutely to be quoted and had nothing whatever to say.

But the news from St. Paul corroborate other news heard and friends are assured that the worthy judge has refused the great honor, content to remain in Brainerd among his friends and associates, satisfied with his sphere in the district court. And a district judge by the way, retains his interest in the human side of life. The work to Judge McClenahan is a real pleasure, and not a grind and what more joy can one find in life, than to know that one has found his life work and that one's efforts are appreciated.

55th. ANNUAL S. S. CONVENTION

Sunday Schools of State to Meet at Duluth Wednesday to Sunday, March 26 to 30

SPECIAL COACH FROM BRAINERD

Forty or More Brainerd People Have Signified Their Intention of Going Wednesday

"On to Duluth!" This is the slogan in religious circles all over the state of Minnesota. Next week will present in the Northern city one of the finest conventions ever held.

Sunday school work has become such a science and we are beginning to realize its intrinsic worth to such an extent that specialists have been called to serve on the program.

Specialists in all departments—the elementary, secondary, adult and general divisions, boy specialists and also music specialists will be there.

The opening service will be an attractive one on account of the lecture to be given by Bishop W. A. Quayle. Dr. James M. Gray, dean of the Bible institute of Chicago, has been asked to give a series of Bible lectures and has accepted a place on the program.

Dr. Gray is of international reputation as a Bible teacher. He has but recently returned from the British Isles where he was booked for lectures in many of the large cities of England, Ireland and Scotland.

Another feature of the convention will be the Boys' Congress under the direction of Mr. J. L. Alexander. Mr. Alexander is a specialist along this line. He knows boys, he knows their needs, he knows how to supply their needs. Duluth has promised to entertain all the boys from 15 to 19 who go.

J. Lincoln Hall, the composer and soloist, and Dr. Adam Geibel, the blind composer and soloist, both of Philadelphia, will draw large crowds.

A special coach will be attached to the afternoon train next Wednesday to accommodate the 40 or more delegates to this convention.

Special rates have been made by all railroads, viz: round trip for one fare and a third. When you get your ticket don't forget the certificate which will be given you by the ticket clerk.

A program has been arranged to be held on the train. All who have not given their names in should do so at once. Give your name to Dr. Joseph Nicholson. Brainerd! Boost! Crow Wing County! Boost!

Let everyone get the habit of saying "On to Duluth," and then make up your mind to go.

TAKES STEPS TO SHIELD SCUTARI

Austria Plans to Stop Bombardment of Town.

ITALY MAY FALL IN LINE

Vienna Government Alleges Fire of Balkan Allies Is Directed Against the City Instead of Scutari. Part of Austrian Fleet Sails for Montenegrin and Albanian Coasts.

London, March 21.—Austria, possibly with the assistance of Italy, is contemplating isolated action to stop the bombardment of Scutari, which, it is now alleged, is being directed against the town instead of the fortress, and finally enforcing the powers' decision that Albania shall be an autonomous state and that Scutari shall remain part of it.

Of course Montenegro and Serbia will first be given the opportunity of withdrawing from the task of subduing the town, which, even after its capture, if that occurs, must, according to the powers, be given up by the allies.

Part of the Austrian fleet already has left for the Montenegrin and Albanian coasts and while it is officially announced that the object of the warships is to carry out maneuvers it is apparent that their presence is designed to impress Montenegro and Serbia with the determination of Austria to prevent the further cannonading of the civilian section of Scutari and to obtain satisfaction for the alleged forcible conversion of Catholics and interference with the Austrian steamer Skodra.

Declares Incidents Trivial.

The Montenegrin delegate in London, M. Popovitch, speaking for his government, describes as untrue or trivial the incidents for which Austria is demanding satisfaction. But whatever truth or importance there may be the bitterest feeling on the part of Austria has been aroused and the press and public are demanding action.

According to dispatches received by the Vienna papers 400 Albanian Catholics at Djakova, weeping and wailing, were forced to join the Orthodox church, the soldiers ordering them to choose between Orthodoxy and death. At six other villages the residents were similarly converted.

Various accounts are printed of the death of a Catholic priest named Palli, but all agree that he refused to renounce his faith and was beaten to death.

The Austrian official account says the Montenegrins are trying to destroy the town of Scutari and that shells, instead of being aimed at the fortress, are directed against the town, where the citizens are in a state of panic, some of them taking refuge in the cathedral.

It is expected that the Austrian squadron will prevent the Serbian reinforcements, which left Saloniki aboard six transports yesterday, from landing on the Albanian coast. These troops have been dispatched to the assistance of the besieged forces around Scutari.

MILITARY FUNERAL FOR KING

Body Will Arrive at Athens on March 27.

Athens, March 21.—The body of the late King George will be placed aboard a warship at Saloniki March 26 and transported to Athens, arriving there the following day.

King Constantine, after he is proclaimed, will proceed to Saloniki, accompanied by Premier Venizelos, and with Dowager Queen Olga and the other members of the royal family will return here with the king's body.

The funeral probably will take place March 30, as the lying in state will occupy three days. Military honors will be rendered not only by the Athens garrison, but by an entire military division, which has been ordered here for that purpose.

LEGISLATORS TAKE VACATION

Minnesota Session Likely to Last Until April 24.

St. Paul, March 21.—Both houses of the legislature adjourn until Monday afternoon.

The session will end April 24, unless an earlier date is agreed to by both houses, which is not probable.

Thirty-five bills were passed in the house, the majority being of a local nature. No attempt was made to take up important measures on the calendar as many members were absent.

Governor Eberhart signed the Cashman distance tariff bill. "I have no statement to make," said the governor. "The bill was passed by the legislature, came to me in the regular course of business and I approved it."

FALL FATAL TO LUMBERMAN

Chicagoan Owning Wisconsin Mills Dies in Pasadena, Cal.

Pasadena, Cal., March 21.—E. W. Brooks, a wealthy retired lumberman of Chicago, died here from the effects of falling down stairs several days ago.

He was a member of the Brooks & Ross Lumber company, which has extensive mills at Schofield, Wis.

SECRETARY BRYAN.

Nebraskan Declares Standpatism Is Dead.

By American Press Association.

SAYS STANDPATISM IS DEAD

Secretary of State Bryan Speaks at Des Moines.

Des Moines, March 21.—"Standpatism is dead," declared William J. Bryan, secretary of state, before the annual banquet of the Jefferson club here. The Nebraskan, speaking before a crowd which filled the big coliseum, dwelt long upon the fact that he believed that the highest accomplishment of the present administration would be the restoration of what he termed was the spirit of the forefathers to the institutions of the United States.

"You cannot cross the United States," declared Mr. Bryan, "without passing through a state which is governed by a progressive Democrat. Illinois has just placed one in office. Ohio elected one at the last election as did Nebraska and you came very near to filling out this list of Western states by electing one here in Iowa."

ASSERTS MEN WERE KILLED IN PALACE

Mexican Editor Tells of Death of Madero and Suarez.

San Francisco, March 21.—Colonel Manuel Blanco Alcala, publisher of the New Era, a Mexico City newspaper generally regarded as the mouthpiece of the late President Madero's administration, arrived here with the assertion that he "is in a position to prove" that Madero was shot to death and that Vice President Suarez was strangled in the national palace on the night of Feb. 23 and that their bodies were taken to the prison in an automobile.

"The reported assault on the guard," said Alcala, "was merely a ruse and a part of the plot. If the automobile was fired upon the guards were only pouring lead into the dead bodies of the president and vice president, who were murdered in the palace hours before."

General Alcala described himself as an intimate friend of Madero. His mission to this country, he said, would be to expose the plot which brought about the Diaz uprising and the alleged assassination of Madero and Suarez.

Colonel Alcala asserted the news of Madero's fate was known in Washington before the hour named in the official version as the time of the alleged attempt to rescue him.

FOR WELFARE LABORATORIES

Woman Donates Large Sum to Prevent Sickness.

New York, March 21.—A gift of \$50,000 by Mrs. Elizabeth Milbank Anderson for social welfare laboratories to be conducted by the New York Association for Improving Conditions of the Poor was announced.

Establishment of experimental laboratories for purposes of testing proposed measures is a part of the program under which the fund is to be utilized. In general it is intended to foster those activities which are calculated, in the words of the donor, "to prevent sickness and thus diminish poverty, such as the promotion of cleanliness and sanitation and aid in securing a proper food supply."

Its Case.

"Revenge is a very paradoxical kind of affair."

"Why so?"

"Because a man who is on the outs with another has it in for him."—Baltimore American.

Five Persons Asphyxiated.

Chicago, March 21.—A family of five persons was found dead from illuminating gas in a cottage. Circumstances indicated that an accident caused the tragedy. In the kitchen a rubber hose was attached to an open gas jet. The victims were Engbert Cornelison, fifty-five years old, a machinist, his wife and two sons and a daughter.

REDUCTION OF TARIFF ASSURED

Bills of Last Congress Basis of New Ones.

SUBSTANTIAL REVISION DUE

Same Men Who Drafted Early Measures on Subject Helping to Redraft Them—Original Provisions Are Guide to What Changes Will Be Made. Agricultural Schedule to Be Cut.

By ARTHUR W. DUNN.

Washington, March 21.—[Special.]—The tariff bills of the last congress are made the basis of the bills or bill which the Democratic members of the ways and means committee will present to the caucus when the extra session meets. Naturally those bills had to be adopted. The same men who made them, with a few exceptions, are redrafting the tariff, and they adopted the same bills with a few minor modifications.

The committee did not revise the entire tariff at the last congress, but the bills which were reported and passed can be taken as a guide to the reduction which will be made all along the line. And the reductions are going to be something substantial from one end of the tariff to the other. Even the agricultural schedule will be cut down with the others, although some farming constituencies are opposing any reduction.

Stronger Road Movement. The advocates of good roads are going to make a stronger effort than ever before to secure the favorable action of congress toward spending money on rural post roads. A proposition is being discussed looking to the coupling of a roadmaking measure with one to raise more money by increasing the taxes on liquors and tobacco, the money thus raised to be expended wholly for roads. If such a measure gets before congress it is likely to obtain many votes.

Will Be Free Lances.

Notwithstanding that the olive branch was extended by the Republican senators to the Progressives the developments thus far show that the Progressives intend to continue their independent career. The votes against Senator Gallinger for president pro tem. of the senate showed that the old feeling still exists.

Chaff For New Men.

While the Democrats recognized the new senators to some extent, the Republicans stuck to the old system of giving their new senators nothing but chaff. With the exception of Norris of Nebraska, who gets a place on agriculture, and Weeks, who has a place on postoffices, both second rate committees by the way, there is little in the way of prominent places for the six new Republican senators.

Meanwhile the older senators have retained places on appropriations, foreign relations, finance, judiciary, commerce, interstate commerce, military affairs, naval affairs and others which are of nearly as much importance. Most of them have two and three places on these committees. When it comes to committee places there is mighty little senatorial courtesy.

Not of High Rank.

Much stress was laid upon the division of the duties of the finance committee of the senate and creation of a new committee to be known as banking and currency. An attempt has been made to show that the new committee ranks as high as the finance committee on account of prospective financial legislation.

As a matter of fact it is a third rate committee. There has been such a committee in the house for years, and it has amounted to very little. The committee that handles the tariff is the big committee, and a comparison between the ways and means committee and the banking and currency committee in the house shows their relative importance.

They Do Not Speak.

Nearly everybody noticed and commented on the fact that Champ Clark did not speak to William J. Bryan when they both appeared in the inaugural stand. There is another possible embarrassing situation which may come up if the chairman of the house committee on foreign affairs should have business with the secretary of state. It was Hal Flood who was prompt to resent Bryan's attack on Thomas F. Ryan at the Baltimore convention, and right to his face Flood administered a "skinning" to the Nebraskan.

Then we all remember that it was Chairman Underwood of the ways and means committee who denounced Bryan in no uncertain terms on the floor of the house. Altogether there are quite a number of men who do not find themselves in agreeable relations with the premier of the cabinet.

An Old House Habit.

It was during the regime of Tom Reed that the house adopted a rule by which a man might answer "present" if he did not desire to vote. Senator Shafroth of Colorado acted under that rule in the senate on a roll call where he did not wish to take sides for or against a question which was of a personal nature to some extent. It was his former house train that.

CHARLES W. ELIOT.

President Selects Him for Ambassador to Great Britain.

Photo by American Press Association.

ELIOT IS OFFERED PLACE

Former University Man May Go to Court of St. James.

Washington, March 21.—Charles W. Eliot, president emeritus of Harvard university, has been decided upon by President Wilson for ambassador to Great Britain.

George W. Guthrie, Democratic state chairman of Pennsylvania and former mayor of Pittsburgh, has been selected to be ambassador to Mexico. This information came from intimate friends of President Wilson.

From the same sources it was learned that Justice James W. Gerard of New York was a likely choice for ambassador to Italy and that William Church Osborn of New York, Augustus Thomas, the playwright, and possibly Thomas Nelson Page of Virginia would be ambassadors to European courts.

LETTER SEVERELY DENOUNCES BECKER

New York Mayor Warned Regarding Police Official.

New York, March 21.—Letters read before the aldermanic committee investigating police graft showed that Mayor Gaynor and Police Commissioner Waldo were warned against the character of former Police Lieutenant Charles Becker, awaiting death for the murder of Gambler Rosenthal, as far back as August, 1911. John F. Lynch, brother-in-law of Becker, bitterly denounced the former police officer in a letter to the mayor.

The letter was referred to Commissioner Waldo, who told the mayor that "this seems to be a family row," and "Becker is doing excellent work."

"One of my sisters is, unfortunately, his wife. She works for him, teaches school," Lynch wrote of Becker, "and he, her hollock, takes her money."

"She being away he asks another of my sisters to come to his home to cook, but attempted to assault her. She successfully escaped, threatened to carve him with a knife, whereupon he drew a revolver and shouted that he would shoot her."

"By hard work she was able to get out. He threatened her with arrest and said he would get one of his squad—the strong arm—to catch her on the street some night and lock her up for soliciting. She came home crying and with her waist torn."

ABRUPTLY QUILTS HIS OFFICE

Assistant Secretary of State Huntington Wilson Resigns.

Washington, March 21.—Huntington Wilson, assistant and acting secretary of state, has resigned that office and insisted upon immediate acceptance of the resignation because of his radical difference of opinion with the administration regarding its Chinese policies. President Wilson immediately accepted the resignation.

Mr. Wilson, like all assistant secretaries of the various departments, tendered his resignation as a matter of form to President Wilson directly upon the latter's assumption of office. Mr. Wilson was requested to continue in his place until it should be convenient for the president to name his successor and consented to do so.

The issue of the statement from the White House defining the administration's attitude regarding the Chinese loan negotiations is believed to have been regarded by Assistant Secretary Wilson as sufficient to justify him in requesting to be relieved from duty at once.

WOULD AID IN VICE FIGHT

Many New York Outcasts Offer Their Assistance.

Albany, N. Y., March 21.—A cry from the outcasts of the underworld, pleading for an opportunity to co-operate in efforts being made to solve the social evil question, is voiced in letters to the special legislative committee appointed to draft remedial police legislation for New York city. These letters, among the thousand or more received by the committee from New York city officials, social and civic bodies and citizens generally, will be given serious consideration.

NEW PARTY WILL CAUCUS APRIL 2

M'BRIDE TO VISIT WILSON

British Columbia Premier Will Talk Over Railroad Matters.

Vancouver, B. C., March 21.—Sir Richard McBride, premier of British Columbia, it was authoritatively learned here, plans to visit President Wilson in Washington late this month to confer on projects believed to affect the development of the province.

The conference is understood to concern railroad affairs in British Columbia. A belief here that American interests are buying Canadian Northern bonds has led to the further belief that plans are maturing for intimate connection between American railway systems and lines now under construction in this province.

FOR NATIONAL VICE CRUSADE

Illinoisans Leave to Ask Wilson to Call Conference of Governors.

Chicago, March 21.—Lieutenant Governor Barrett O'Hara and four state senators composing the legislative vice commission left for Washington to ask President Wilson to call a national conference of governors and lawmakers to institute a countrywide fight on white slavery.

The commission also will petition for a federal investigation of women's wages and request the president to make a public declaration giving his moral support to the work being done by the commission.

The meeting will take place Saturday noon.

CURRENCY REFORM UP SOON

Legislation May Be Acted on at Extra Session.

Washington, March 21.—Encouraged by the rapid progress made in the preparation of a tariff revision bill close friends of President Wilson predicted that there surely would be currency reform before the extra session of congress adjourned next summer.

The president talked informally with some of his callers about the prospects for currency legislation. They went away convinced that while the president would devote himself foremost to tariff revision he now hoped that at least a start on monetary reform, if not actual legislation, would be possible during the extra session.

BRYAN ENDORSES PRESIDENT

Can't Agree With Late Administration's View of Loan.

Des Moines, March 21.—Secretary of State William J. Bryan declared that he is entirely in sympathy with President Wilson's attitude on the proposed Chinese loan. He declared also that he was unable to agree with what former Assistant Secretary Huntington Wilson had to say concerning the six-power agreement.

The representatives of a group of bankers were heard," said Mr. Bryan, "and the matter was considered by the president. The principles involved were such that it did not require any great length of time for the president to understand and act upon them. I am sure that the country will approve of the change in policy. I am equally confident that China will rejoice at our nation's attitude."

Circular Letter Asks House Progressives to Attend.

ROOSEVELT APPROVES MOVE

Former President Endorses Plan to Set Up an Organization of Their Own in House of Representatives. How Many Members Will Attend Caucus Cannot Be Forecasted at Present.

Washington, March 21.—Theodore Roosevelt has given his endorsement to the movement started by members of the Progressive party to set up an organization of their own in the new house of representatives.

The colonel is entirely in sympathy with the purpose of the Progressives to put forward Representative Victor Murdock of Kansas as their candidate for speaker and to organize with a view to acting in the house without regard to the regular Republicans. In due season the Progressives expect to receive a letter from Colonel Roosevelt, urging them to proceed as indicated.

Mr. Murdock is an accession to the Progressive ranks. He was re-elected to the house last November as a Republican.

Forty-four Progressives and Republicans, among them Minnesota and Dakota members, were invited in a circular letter sent out to attend a Progressive conference April 2. At it the Progressives will perfect an organization, nominate Mr. Murdock as their candidate for speaker and appoint a committee to draw up a Progressive legislative program.

The Progressives have views of their own on the tariff, banking and currency, conservation and measures designed to supplement the existing anti-trust laws and bills proposing humanitarian legislation such as prohibition against child labor, etc. The circular was signed by Representative Hinebaugh, a Progressive from Illinois, who acted after conferences with Representative Murdock, the new Progressive leader in congress, and Representative Falconer, a Progressive from Washington.

Attendance May Be Light.

Just how many members will agree to attend the conference and vote for Mr. Murdock as speaker in opposition to Representative James R. Mann, the Republican leader, is a matter of conjecture. The most optimistic do not expect more than fifteen to appear.

They are firmly of the opinion that more than the number named will vote for Mr. Murdock for speaker, but believe that for a time at least many Progressives will steer clear of the new organization. They say many Progressives are timid and have to be shown before they will venture on the thin ice of a new political enterprise.

The Progressives who still cling to the name Republican are alarmed over the determination of Representatives Murdock, Hinebaugh and Falconer to form a third wing in the house. They have been proclaiming themselves as Progressives for a long time, but in the absence of a new party organization they have managed, through strange devices, to set up the plea that they are Republicans. They ran on that ticket in the last election.

Now the time has arrived when the new party intends to poke its nose into congress and make a bid for the support of all those who are supposed to be in harmony with it. These progressive Republicans will not support Representative Mann. Doubt is expressed that they will vote for Mr. Murdock for speaker.

MRS. GAMBLE OPERATED ON

Former Senator's Wife in New York Suffers From Appendicitis.

Washington, March 21.—Mrs. Robert J. Gamble, wife of the former senator from South Dakota, who for two weeks has been seriously ill at the Gamble apartments in the Portland hotel, was operated on at Columbia hospital for appendicitis. The operation was successful and the hospital surgeons said the patient was resting well.

Ralph Gamble, a son, was called from New York and was with his mother before the operation. Mr. Gamble has been at the hospital almost constantly since Mrs. Gamble was removed there.

WELSH ON WAY HERE.

New York, March 21.—Harry Pollock, the well known sporting man and back fence hurdler, who is the American representative of Freddy Welsh, the English lightweight champion, announced that Welsh has left England for this country to grab a little easy coin on the vaudeville stage and then sail into some of the American lightweights.

Authorities say that a microbe
causes baldness. If you are losing
hair try our remedy at our risk.

Professor Unna, of Germany, and
Dr. Sabouraud, the great French
Dermatologist, claim that a mi-
crobe causes baldness, and their
theory has been verified by eminent
scientists. This microbe destroys
the hair follicles, in time causing the
scalp pores to close and the scalp to
become shiny. Then, it is believed
nothing will revive the growth. If
treated before this occurs, baldness
may be overcome.

We know of nothing that has
given such universal satisfaction in
treating the scalp and hair as Rexall
"93" Hair Tonic. It has been de-
signed after long study to overcome
the cause of falling hair as discovered
by Prof. Unna, Dr. Sabouraud and
other scalp and hair specialists, and
we believe it will do more than any-
thing else can to remove dandruff and
stop falling hair; and if any human
agency can promote a new growth
of hair it will do that, too.

We want you to make us prove it.
We will pay for a month's treatment
of Rexall "93" Hair Tonic used dur-
ing a trial, if you will use it ac-
cording to directions, and are not
thoroughly satisfied. When we will
do this, you surely should not hesitate
to at least try it.

Start the treatment today. Your
money request will get your money
back if you want it. Two sizes: 50c
and \$1.00.

You can buy Rexall "93" Hair Tonic

NEW COMMITTEE APPOINTMENTS

Committee on Committees of Charter Commission Recommends Appointing Sub-committees

PROGRESS REPORTED LAST NIGHT

Commission, it is said, Plans to Provide Two Forms of Charter to be Voted on

The charter commission held its regular weekly meeting on Thursday evening, the council chambers being occupied by another organization Friday night. President Halsted presided. The secretary, Henry I. Cohen, was absent and Judd Wright was appointed temporary secretary.

The committee on committees gave a report and recommended the appointment of four committees to facilitate the transaction of business. The report was adopted and the recommendations concurred in and the chair made the following appointments:

Public improvements—Dr. Werner Hemstead, Carl Zappfe, Judd Wright, Eric Kronberg and N. W. Betzold.

Public affairs—Richard Ilse, H. F. Michael and James M. Elder.

Finance—George D. LaBar, C. H. Paine and James Cullen.

Court and boards—R. R. Wise, Henry I. Cohen and Edward F. A. Evenson.

To each committee was assigned a portion of the city charter for consideration. Attorney Haggard read a report of the work he had done relative to drafting a commission government amendment, covering all points suggested in the petitions.

The various new committees appointed will report at the next meeting and it is expected to have by the following third or fourth meeting a complete commission charter drafted.

Then there may be drafted a charter embracing ideas advanced by the commissioners, embracing in some features, it is said, the municipal management plan. The meeting adjourned at ten o'clock.

POLITICAL POT STILL SIZZLING

More Independent Candidates Take the Field for City Offices—Some Candidates

NO REPUBLICAN CONVENTION

Socialists Hold Their Caucuses Last Night and Results are Practically as Forecasted

As the last day for filing, Saturday, March 22, approaches, the field of independent candidates continues to enlarge, and as a result the political pot is sizzling with ever increasing energy.

J. H. Koop is out as an independent candidate for alderman of the second ward. It is said that neither Alderman Webb nor Alderman Elder contemplates running again. D. A. Peterson is a new candidate for alderman of the second. Other names suggested have been C. H. Paine and J. R. Smith.

In the fifth ward A. P. Nelson, the photographer, is running as an independent candidate for alderman.

L. M. Depue has entered a vigorous denial that he has been running for any office. Being a notary he was assisting some candidate to get a petition in shape. Mr. Depue says he is not in the race for mayor or any office, and feels like using a club and breaking the back of the man who started the story. With such a storm signal up it is doubtful if the man will ever be found.

Later—Rev. Eloy Carlson is an independent candidate for member of the school board from the fifth ward. James R. Smith is an independent for alderman of the second ward, his petition being circulated this afternoon.

The socialist caucus nominations were practically the same as forecasted by the Dispatch in addition there were placed in nomination these candidates for school board: None in first and second ward; J. W. Welsh, third ward; Henry Moilanen and Emil Ecaholm, fourth ward (they have refused to file); J. M. Hayes, fifth ward.

The delegates elected to the socialist convention to meet at the council chambers tonight are: First ward, William Schlib and John Shull; second ward, A. A. Weideman and Herman Weideman; third ward, Martin Siegel, Otto Wendt, R. A. Henning, N. W. Olson, E. A. Evenson and Jacob Haas; fourth ward Henry Moilanen, Frank Gallupe, and A. L. Anderson; fifth ward, Frank Engelhart, F. A. Ackerman and F. E. Little. This convention may decide to fill vacancies on the school board.

REFUSES HONOR PROFFERED HIM

Judge W. S. McClenahan, it is said, Was Offered the Important Position of

SUPREME COURT COMMISSIONER

Rumors in St. Paul Are to That Effect—The Judge Refuses to be Quoted

So persistently does one hear the story repeated in St. Paul and Minneapolis that Judge W. S. McClenahan, of this city, Judge of this fifteenth judicial district, was offered and had refused the position of supreme court commissioner that the judge's many friends in the district are assured the news is correct.

The judge is widely known throughout the northwest as a fair and impartial jurist and one who writes opinions that are famous for the vigorous, clear and terse Anglo-Saxon used. And very seldom has Judge McClenahan been reversed.

On one occasion in recent years, when there was a vacancy on the state supreme court bench, the bar association of Crow wing county circulated petitions urging the appointment of Judge McClenahan to that honorable position. But the genial judge heard of the interest being manifested by his brother lawyers and put a quietus on the project by compelling his friends to desist.

Brainger and this district are proud of Judge McClenahan. He has brought credit and renown to this section of the commonwealth.

When interviewed regarding the proffer of the supreme court commissioners, he refused absolutely to be quoted and had nothing whatever to say.

But the news from St. Paul corroborate other news heard and friends are assured that the worthy judge has refused the great honor, content to remain in Brainger among his friends and associates, satisfied with his sphere in the district court. And a district judge by the way, retains his interest in the human side of life. The work to Judge McClenahan is a real pleasure, and not a grind and what more joy can one find in life, than to know that one has found his life work and that one's efforts are appreciated.

55th. ANNUAL S. S. CONVENTION

Sunday Schools of State to Meet at Duluth Wednesday to Sunday, March 26 to 30

SPECIAL COACH FROM BRAINERD

Forty or More Brainger People Have Signified Their Intention of Going Wednesday

"On to Duluth!" This is the slogan in religious circles all over the state of Minnesota. Next week will present in the Northern city one of the finest conventions ever held.

Sunday school work has become such a science and we are beginning to realize its intrinsic worth to such an extent that specialists have been called to serve on the program.

Specialists in all departments—the elementary, secondary, adult and general divisions, boy specialists and also music specialists will be there. The opening service will be an attractive one on account of the lecture to be given by Bishop W. A. Quayle. Dr. James M. Gray, dean of the Bible institute of Chicago, has been asked to give a series of Bible lectures and has accepted a place on the program.

Dr. Gray is of international reputation as a Bible teacher. He has but recently returned from the British Isles where he was booked for lectures in many of the large cities of England, Ireland and Scotland.

Another feature of the convention will be the Boys' Congress under the direction of Mr. J. L. Alexander. Mr. Alexander is a specialist along this line. He knows boys, he knows their needs, he knows how to supply their needs. Duluth has promised to entertain all the boys from 15 to 19 who go.

J. Lincoln Hall, the composer and soloist, and Dr. Adam Geibel, the blind composer and soloist, both of Philadelphia, will draw large crowds.

A special coach will be attached to the afternoon train next Wednesday to accommodate the 40 or more delegates to this convention.

Special rates have been made by all railroads, viz: round trip for one fare and a third. When you get your ticket don't forget the certificate which will be given you by the ticket clerk.

A program has been arranged to be held on the train. All who have not given their names in should do so at once. Give your name to Dr. Joseph Nicholson, Brainger! Boost! Crow Wing County! Boost!

Let everyone get the habit of saying "On to Duluth," and then make up your mind to go.

At the Empress
The bill at the Empress this week is one that is full of interest. The pictures predominate in clean comedy and are the kind that create laughter and spontaneous applause on the part of the audience.

"Cinderella's Slipper" is a picture and a story you will like. It is a modern version of the old fairy tale and just as interesting as the old story for it reveals love and devotion, and also the discomfiture of jealous rivals.

"The Mountaineers" is a tale of the Kentucky hills, of the illicit still, of the revenue officers and it's full of thrills from start to finish.

"The Masher Cop" is full of climaxes and funny situations. "What is the Use of Repining" tells the story of a weeping widow who eventually transferred her love for the past to the living present and secured husband No. 2.

Miss Grace Carleton sings some good songs and was liberally applauded. The Empress programs are entertaining. Just watch the crowd there on any night. That shows the big business the Empress is doing and the field it occupies in catering to the amusement loving population of Brainerd.

BAKING POWDER TESTS

MADE FROM ACTUAL PHOTOGRAPHS
TAKEN TWO MINUTES AFTER MOISTURE WAS APPLIED

Cheap or "Big Can" Baking Powder

NOTE the unevenness of the contents; also the small amount of leavening gas from the height the powder has risen in the glass. The residues from these powders vary considerably.

Cream of Tartar Powder

YOU will also note the small amount of leavening gas here; also the sediment in the bottom of glass, which is a solution of Rochelle Salts. About 80 per cent. of this powder used is left in the food as Rochelle Salts. Ask your doctor about constant dosing with Rochelle Salts.

Calumet Baking Powder

NOTE here the amount of leavening gas by the way the powder has risen over the top of the glass. Note how light and fluffy it is; also how even the grain is. This test proves CALUMET has a great amount of leavening gas that is gradually and uniformly given off. It leaves no unwholesome residue.

This Proves the Wonderful Leavening Qualities—the Purity—the Economy—the Superiority of

CALUMET BAKING POWDER

Ask Your Grocer—Insist on Calumet.

DULUTH A Beautiful City

Nature was in her happiest and most generous mood when she created Northern Minnesota. She was in her best frame of mind when she made picturesque Duluth!

Today Duluth is one of the most beautiful cities in America. In and around Duluth one is charmed with the scenery. There are massive, rugged rocks, almost mountain high, dells and valleys, waterfalls, rapid streams, wonderful lakes, great forests—and a magnificent chain of drives and city parks.

The Great Port of the Northwest

—is a wonderfully beautiful city from every point of entrance. From the great Port one approaches on a silvered lake and finds Duluth lying comfortably at the foot of her beautiful hills. Naples, with all its colorings, is no lovelier than Duluth. From the city or from the summit of the "hill" behind Duluth, one looks out onto the greatest of all the Great Lakes—and sees a world-famous Port dotted with its fleets of busy boats—a sight that attracts the eye of thousands of Duluth's visitors every year.

Duluth is a beautiful city, a most livable city, a prosperous city, a city of 12-month opportunity—The City of the Northwest. Boost for Duluth!
